60	delay (v)	verb	/'deɪleɪ/	make late	Weather delays flights.

Travel Story (Sample Essay)

Last month, I went on a wonderful trip to Thailand. I arrived at the airport early and checked in my luggage. After that, I showed my passport and boarding pass at the security check.

I waited at the gate until the boarding time. Then, I boarded the plane and sat in a window seat. The flight was smooth, and the plane took off on time. During the journey, there was a little turbulence, but everything was fine. Finally, the plane landed safely at my destination.

After arriving, I went through customs and got my baggage at the luggage claim. Then I took a taxi to my hotel. I had already made a reservation, so I checked in quickly.

During my vacation, I explored the city, tried local food, and went sightseeing. I also learned about the culture and bought some souvenirs for my family. The people were friendly, and the food was delicious.

At the end of the trip, I checked out of the hotel and returned home. It was an amazing experience, and I hope to travel again soon.
